

# CleanFreak® Endoscope Cleaning Products

## Pre-Cleaning Made Simple

Intuitive, cost-effective tools that safeguard endoscopes and patients  
for efficient post-procedure cleaning and secure transport.

## Pre-Cleaning Tools

# Clean Starts Here

Establish and maintain an effective endoscope care workflow with a comprehensive line of bedside cleaning tools.

### Endoscope Transport Pad

A leak-resistant, absorbent design with cinch-to-close functionality supports infection control guidelines and a secure endoscope transport.

### Pre-Cleaning Kit

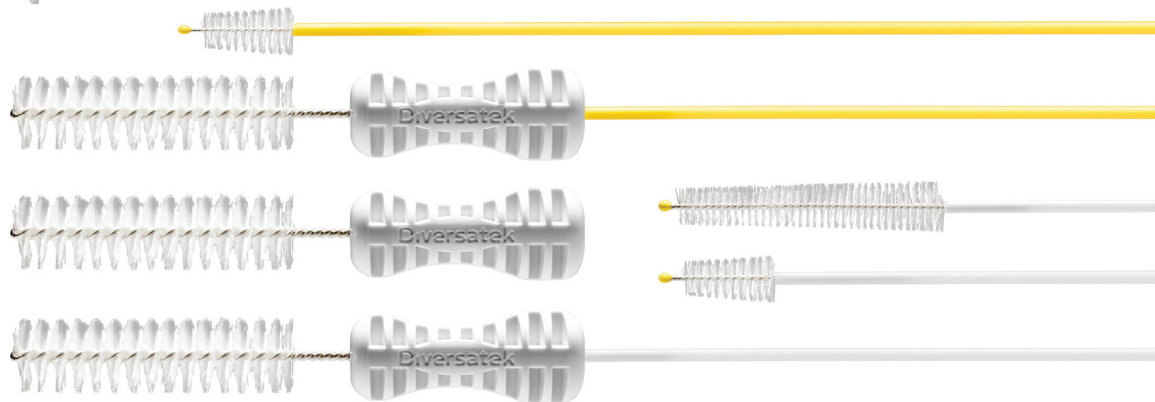

Compact, self-contained imbibed sponge and basin for efficient storage and immediate bedside use — no added components required.

### Cleaning Sponges

Multiple designs conform to the endoscope to reduce setup time, lessen mess, and confidently remove bioburden in post-procedure.

### Cleaning Brushes

From standard to valve-specific designs, CleanFreak brushes feature soft, non-abrasive bristles that provide effective cleaning across a wide range of scope channels.
