

# Esophageal Dilator Storage

## Superior Storage

Innovative storage solutions keep esophageal dilators fully enclosed and free from contact with one another.

## Dilator Storage Solutions

### Protect and Preserve

Safeguard the integrity of esophageal dilators and support infection prevention with purposefully designed storage systems.

#### 405 nm LED Lights

Help to deactivate bacteria and maintain tip integrity with LED lighting.

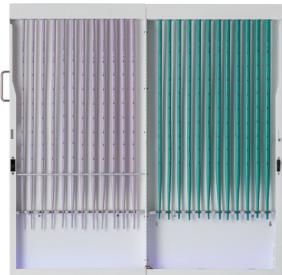

#### HEPA Filters & Fan

Minimize exposure to particulates and airborne contaminants with forced air circulation and a positive pressure environment.

#### Complete Portfolio

Three distinct storage solutions accommodate your needs to maintain clean, straight, and secure esophageal dilators.
