

RePlay® Hemostasis Clip

Clip with Confidence

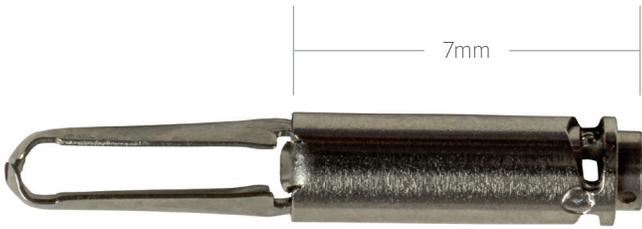

Innovative clip design with cupped wings ensures effective wound closure and optimal bleeding control.

Hemostasis Clips

Complete Control

Unlimited opening and closing, 360° rotation, and one-step, tactile deployment provide confidence for accurate clip placement.

Short Stem

Optimizes visualization and placement of multiple clips closer to the mucosal defect.

Removable

The only hemostasis clip designed to be removed, if needed.

360° Rotation

Complete 1:1 rotation eliminates unwanted “helicopter” effect, even in the retroflex position with this user-friendly design.

Multiple Sizes

Available in three sizes to accommodate varying clinical needs and preferences.
